

Suyog Mahangade

Software Engineer

Pune, India 411045 | +91 98906 11650 | suyogm32@gmail.com

SUMMARY

Software Engineer with 2+ years of experience in the analysis, design, development, and delivery of software solutions across enterprise PLM platforms and full-stack web applications. Skilled in C++, Python, Java, and JavaScript, with proven strengths in backend development, code review, distributed systems debugging, and performance optimization. Experienced in defining requirements, authoring technical documentation, collaborating in Agile teams, and guiding less experienced engineers to deliver reliable, scalable software.

EXPERIENCE

Software Engineer — Prescient Technologies, Baner, Pune

Jul 2024 – Present

Siemens Teamcenter (Client Project)

- Contributed to the design, development, and delivery of backend functionality for Siemens Teamcenter, an enterprise PLM platform built on a distributed service architecture.
- Improved the performance of the Change Management module by 88% (14.8s to 1.67s) by re-engineering bulk processing of problem, solution, and impacted items (checkAndConsumeCMLicenseBulk).
- Implemented merge functionality for Usage BOM in Teamcenter to support more reliable product data management.
- Implemented WCAG accessibility fixes, resolving ARIA attribute, keyboard navigation, and screen reader compatibility issues.
- Performed remote debugging of distributed backend services to identify and resolve production defects, supporting day-to-day system reliability.
- Authored unit tests using Google Test (GTest) and participated in code reviews to uphold coding standards and best practices.

Prescient Author Platform

- Contributed to development of Prescient Author, a low-code software development platform.
- Implemented soft delete functionality to support improved data lifecycle management.
- Developed partial page rendering using ASP.NET UpdatePanel to improve user interface performance.
- Collaborated with cross-functional teams in an Agile environment to deliver production-ready features.

Software Engineering Intern — Persistent Systems, Hinjewadi, Pune

Jan 2023 – Jun 2023

- Completed technical training in Python, Linux, SQL, and data engineering fundamentals.
- Developed an e-commerce web application demonstrating backend development and database integration.
- Collaborated with development teams to implement scalable, maintainable software solutions.

Data Engineering Intern — Celebal Technologies, Pune

Jun 2022 – Jul 2022

- Implemented ETL pipelines for efficient data extraction, transformation, and loading.
- Optimized database queries and assisted in maintaining large-scale datasets.
- Performed data analysis to generate insights supporting business decision-making.

EDUCATION

B.Tech in Computer Science — MIT Academy of Engineering

2019 – 2023 | GPA: 8.59 / 10

- Relevant Coursework: Algorithms, Operating Systems, Machine Learning, Artificial Intelligence

SKILLS

- **Languages:** C++, Python, Java, JavaScript

- **Backend & Systems:** Distributed Systems, REST APIs, Debugging, Performance Optimization, Data Structures & Algorithms
- **Frameworks & Tools:** Google Test (GTest), ASP.NET, Node.js, Next.js, React.js, Git, Agile
- **Databases:** MySQL, MongoDB
- **Cloud & Platforms:** AWS, Linux

PROJECTS

FitVoyage – Fitness Application

Jan 2024 – Mar 2024

- Developed a full-stack fitness application providing workout scheduling, exercise guidance, diet articles, and integrated shopping for fitness products.
- Integrated with Google Fit to track and monitor user fitness activities and health metrics.
- Built responsive UIs and scalable backend services using Next.js, React.js, MongoDB, Tailwind CSS, and Material UI.

E-commerce Web Application

Apr 2023 – May 2023

- Developed a full-stack e-commerce platform with product browsing, shopping cart, and secure online payments.
- Implemented payment integration using Stripe and cloud storage using AWS S3 for product media management.
- Built with Next.js, React.js, MongoDB, and Tailwind CSS for a scalable, responsive user experience.
